

Instant Dry Glossy Photo RC Paper

ON3GP8 (195gsm)

ILFORD OMNIJET Instant Dry Glossy Photo RC Paper is a premium photographic quality paper designed to offer high performance on both thermal and piezo printers. This paper dries quickly and can be used at high print speeds.

APPLICATION GUIDELINES

- Photorealistic images
- Indoor display graphics
- Short term outdoor, if laminated and using pigment inks

PRINTER COMPATIBILITY

OMNIJET Instant Dry Glossy Photo RC Paper is designed for use with most wide format inkjet printer systems using either aqueous dye or pigment inks from major manufacturers.

IMPORTANT Printer and driver settings may need careful setup to ensure optimum performance. Ink loads need to be set appropriately for the ink/printer combination in use. For best image quality, use with pigment inks.

AVAILABILITY

Finished rolls All standard widths from 17" (43.2cm) to 60" (152.4cm)

PHYSICAL PROPERTIES

Weight	195gsm
Opacity	>98%
Caliper	210micron (8.5mil)
Tint (L*a*b*)	95.0, 0.25, -5.5
Pre Print Gloss (20°)	>32%
Environmental Use	15–25°C (60–75°F), 30–70% RH non-condensing
Storage Conditions (boxed)	10–50°C (50–120°F), 10–80% RH non-condensing

When using dye-based inks:

All unprotected "instant dry" nanoporous media may suffer from "gas fading" to some degree when used with dye based inks, depending on the display environment. To extend print life, they should be displayed under glass, laminated or otherwise protected or printed with pigmented inks.
